TURRO

A place for welcome

A building with a ultramodern, cutting-edge, and eco-friendly design. Business, study, and tourism meet each other at Camplus Living Turro.

Fondazione CEUR

## The hospitality you deserve

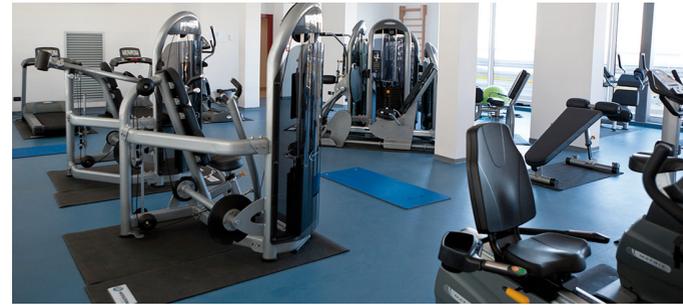

Quite near the Martesana park and the Metro station, Camplus Living Turro is a modern and functional eight-floor building, highly congress oriented, located within a university district, which makes it innovative and dynamic. As it is near the East ringroad as well as some important universities such as Bicocca, Bovisa and San Raffaele, Camplus Living Turro is a convenient place to start your visit to Milan. Comfortable rooms, professional staff, a highly equipped gymnasium in the attic, and the large garden on the outside are just some of the features which make Camplus Living Turro the best choice whether you come here on holiday or on business. Our residence was built with a special interest in the environment, and the use of environmentally friendly materials and of solar panels as well makes Camplus Living Turro a building on the cutting edge of sustainable construction.

## Milan: a city to discover

The fashion and finance capital of Italy, Milan is full of important places of interest; you can choose to visit one of the several art galleries, or the cathedral (Duomo), the symbol of the Gothic architecture, which towers over the homonymous square. Other wonderful things you can discover are: Vittorio Emanuele II gallery, in Art Nouveau style; the Navigli; the Last Supper, the masterpiece of Leonardo da Vinci, painted on the wall of the refectory of Santa Maria delle Grazie. But the city

also offers you lots of clubs, gastronomic specialities, and the so called quadrilateral of fashion (in the city centre, north of Duomo square and near Via Montenapoleone). All these things make Milan a multifaceted city, which gives anyone interested in discovering Italian top quality products.

## High quality services

In our residence you can find: single, double or family rooms, all of which equipped with Wi-Fi, air conditioning, TV, and mini-bar; a large dining room with self-service restaurant; an inner garden where you can also have your meal. If you have to organise a job meeting or other business events, then Turro is the best choice, thanks to its conference rooms, equipped with the most modern devices. In addition, you will also find areas meant for relaxing: the astonishing gymnasium in the attic, where you can enjoy a wonderful view. Also, you can reach the city centre very easily, whether you choose to move by metro – the stop is not that far from the residence – by car – you can park it in our attended car park – or by bike – thanks to the bike sharing service.

## For your business

Due to its strategic location, its conference rooms, and its computer rooms, Camplus Living Turro is absolutely suitable for business travel. The meeting room is equipped with a complete set of audio/visual facilities, can host up to 200 people, and you can divide it into three separate rooms, with 60 places each; so it is ideal both for big events and small meetings. In addition, we have a large hall where you can arrange stands, welcome desk and buffets. Finally, thanks to a versatile catering service, you can also arrange the convivial aspect of your event according to your specific needs.
