

## 40<sup>th</sup> International Conference of the IEEE Engineering in Medicine & Biology

You are cordially invited to join us at the 40th Annual International Conference of the IEEE Engineering in Medicine and Biology Society, EMBC'18. This prestigious event, is the world's largest annual Biomedical Engineering forum, and will be held 17-21 July 2018 at the Hawaii Convention Center in Honolulu Hawaii.

The general theme of EMBC'18 is "Learning from the Past, Looking to the Future", inspired by the 40th anniversary of the world's largest international biomedical engineering meeting. Consistent with our theme, we have arranged plenary keynotes from leading industrial and academic scientists, who will give forward looking visions as well as historical perspectives on our field. A broad array of scientific tracks will cover diverse topics of cutting-edge research and innovation in biomedical engineering, healthcare technology R&D, translational clinical research, technology transfer and entrepreneurship, and biomedical engineering education. In addition to the high-profile keynotes, the conference program will feature mini symposia, workshops, invited sessions, oral and poster sessions, sessions for students and young professions, sessions for clinicians and entrepreneurs, and exhibits from vendors and universities. All papers will be peer reviewed; accepted full-length (4 page) papers will appear in the Conference Proceedings and be indexed by IEEE Xplore and Medline/PubMed.

Please note that this invitation for participation does not, in any way, financially oblige either EMBC'18 or the IEEE Engineering in Medicine and Biology Society (EMBS) for the expenses you incur for travel and conference attendance, and all conference participants are expected to pay the registration fees according to conference policy. You will have access to a more customized Invitation letter (to include your name and paper information) once your paper has been accepted.

Please visit <http://embc.embs.org/2018/> to learn more. We look forward to your participation in EMBC'18!

Sincerely,

***James Weiland***
